

00:49:49 Mary Pilotte E&R Committee: On behalf of USLGA and the entire Education and Research Committee, welcome to tonight's Front Porch Event!

00:50:17 Rebecca RALSTON: â°i,

01:13:22 Amelia Hart: When you notice a fungal problem can you spray the fungicide immediately or do you have to wait and spray in a pattern of dormancy to bloom like you do with fruit trees

01:26:17 Deb Weinstein: Wondering if certain varieties are more susceptible to certain diseases? If not, is it because more people grow more of just a few varieties?

01:40:54 Pam & Jeff: As a general guideline, should we always cut back dead branches, such as winter die back?

01:49:11 Michelle Lowe: Thank you! Great information!

01:49:28 Amelia Hart: thanks so much
